

A light blue world map is centered in the background of the slide. The map shows the continents of North America, South America, Europe, Africa, Asia, and Australia. The entire slide is framed by a thick border consisting of a blue outer line and a red inner line.

ISGO

MANUFACTURING

PLASTIC INJECTION / MANUFACTURING SOLUTIONS
www.isgo.com.mx

ISGO MANUFACTURING is an **ISO TS/16949** certified TIER I / TIER II Mexican custom injection molding and assembling company, with **manufacturing facilities** in **Monterrey, San Luis Potosi** and an **Engineering Tech Center Office in Detroit, Michigan**. It is planned to establish in the near future also new plant in **Puebla** and a **Sales and Engineering Office in Frankfurt, Germany**. With injection presses from 50 up to 1,400 tons, **ISGO** currently manufactures and assembles plastic components for a variety of sectors:

- Automotive Class "A", Safety and Functional
- Electronics
- Packaging
- Appliance

We utilize advanced and scientific molding techniques generating process optimization and minimization of our rejection rates to guarantee customer satisfaction.

ISGO Capabilities

- Product Design and Development Services
 - CAD Systems: Catia, Unigraphics
 - Product Re-Design
 - Project Management
- Mold building and Nano Technology
- Production engineering
 - Process automation
 - Polymere compounding
 - Assemblies
- Plastic molding experience
 - Injection and blow molding
 - Sequential and 2K molding
 - Back and stack molding
 - Over- and inserts molding

We pursue innovation to allow us to constantly improve our process, products and culture to better serve our customers
